

Emgality™ Financial Assistance Guide

In 2018, a new class of medications was approved by the FDA for the prevention of migraine in adults. These drugs are referred to as calcitonin gene-related peptide (CGRP) inhibitors. There are currently three CGRP medications on the market. Dosing, frequency of use and method of action vary. Emgality is the only one of these three medicines that is also approved for the treatment of episodic cluster headache.

Most insurance companies have added at least one or two of these CGRP inhibitors to the list of medicines they cover, but individual patients are still struggling to get the insurers to approve coverage of their prescribed CGRP inhibitor. Each pharmaceutical company is offering financial assistance programs to help cover and/or to help cover the cost of high copays. Each program is different and various programs exist to support patients with private, government-funded insurance, as well as the uninsured.

To help patients understand each program, the Coalition For Headache And Migraine Patients (CHAMP) has created Financial Assistance Guides for the three CGRP inhibitors. These guides have not been produced or approved by the medication manufacturers. CHAMP is not endorsing the use of any CGRP inhibitor over another, nor promoting the use of this new class of preventive medications for everyone with migraine disease. Every patient needs to consult their healthcare provider to determine if CGRP inhibitors are right for you.

I Have Been Prescribed Emgality. What Financial Assistance Programs Exist To Help Me?

I Have a Private/Commercial Insurance Plan

This category includes insurance plans provided through an employer, purchased with subsidy support from the Affordable Care Act (Obamacare) or purchased privately.

SAVINGS

Highlights of Emgality Savings Card

If you have commercial drug insurance, you may be able to pay as little as \$0 for your first fill of Emgality. If your health plan covers Emgality, you may continue to pay as little as \$0 per fill for up to 12 months. The program currently extends through December 2021. The Savings Card is subject to a maximum annual savings benefit of \$4900. This means that you may be required to pay out of pocket depending on your health plan and copay model if the maximum annual cap is reached.

Anyone who has completed 12 months of Emgality on the Savings Card, will be notified via text by the Emgality team and required to activate a new Savings Card.

Emgality has coverage for over 90% of people through commercial insurance.

Information on how to get your Savings Card on the following page

Steps To Get Your Savings Card

STEP 1 - Your doctor writes you a prescription for Emgality and submits a document required by insurance providers called a "Prior Authorization."

STEP 2 - Obtain the Emgality Savings Card in the Patient Starter Guide, on the Emgality website (www.emgality.com), by phone (1-833-EMGALITY) or by texting Activate to 55900. The Patient Starter Guide specifically may be distributed to you at your doctor's office.

STEP 3 - Activate your Savings Card. You can activate online* at Emgality.com/savings, by texting "activate" to 55900 or over the phone by calling the Emgality Answers Center at 1-833-364-2548.

STEP 4 - Take your prescription (if your doctor did not call it in to your pharmacy) and your activated Emgality Savings Card to your local retail pharmacy to be filled. It is important to give your activated Emgality Savings Card to the pharmacist when you pick up your Emgality to ensure that you receive the offered savings. If you have any trouble or are ever told you must pay more than \$0, please call The Emgality Answers Center at 1-833-364-2548.

* To activate your Savings Card online, visit Emgality.com/savings. You can choose to either "Download a Savings Card", or if you already have a physical savings card you can choose to "Activate your card". You will then be prompted to complete the following steps:

- 1 Answer the Savings Card eligibility questions – please confirm that you are a resident of the US or Puerto Rico who is 18 years of age or older, NOT enrolled in a government-funded prescription program.
- 2 Provide your contact information.
- 3 Read and accept the terms and conditions for Electronic Signatures in Global and National Commerce ("E-Sign") Act Disclosure.
- 4 Read and sign the HIPAA (Health Insurance Portability and Accountability Act) authorization**.
- 5 You will receive a verification code via email. The verification code will need to be entered to complete your Savings Card activation.
- 6 If you have a physical Savings Card, enter in the card information to complete activation.
- 7 Your Savings Card will be emailed to you and may be printed. It is now activated and is ready to be used at your local pharmacy.

** Your HIPAA authorization is needed to allow Lilly to work on your behalf to help you pay as little as possible for Emgality.

Congratulations on accessing your first dose of Emgality! Lilly's Prior Authorization support partners (CoverMyMeds) will work with your doctor to complete the correct forms as required by your insurance plan. To be a proactive and engaged patient, you should contact your doctor's office to see if they have completed the Emgality prior authorization form on your behalf and your insurance company to see if they will be covering your prescribed medicine. If you have questions or problems, contact the Emgality Answers Center at 1-833-364-2548.

I Have Medicare, Medicaid or other Government Insurance Plan

The Emgality Savings Card is not available to patients whose medical insurance is provided by state or federal programs like Medicare, Medicaid or Tricare. This restriction is true for all three CGRP inhibitor medications.

The Federal Government does not allow people who are receiving insurance benefits through Medicare, Medicaid, etc. to use co-pay assistance, discount or savings cards offered by pharmaceutical companies. The intent is to steer patients to lower-cost generic drugs and not to support higher-cost brand-name drugs. Unfortunately, there are no generic/biosimilar medications in the class of CGRP inhibitors and won't be for years to come.

Patients with Medicare Part D who meet all program eligibility criteria may receive Emgality free of charge from the Lilly Cares Foundation Patient Assistance Program. Some of the eligibility requirements are:

- Must be a permanent, legal resident of the US or Puerto Rico
- Must have been prescribed Emgality and have Medicare Part D
- Must not be enrolled in Medicaid, Medicare's Extra Help program or Veterans benefits
- Must have spent \$1,100 on prescription medications as a Medicare Part D patient
- Must have a household income under the Annual Income Limit:

Total # Of Persons in your Household	Annual Adjusted Gross Income Limit (may not be more than)
1	\$49,960
2	\$67,640
3	\$85,320
4	\$103,000
5	\$120,680
6	\$138,360

For more information and to apply, visit lillycares.com or call 1-800-545-6962.

I Am Uninsured

The Emgality Savings Card is not available to patients who are uninsured.

Patients without insurance who meet all program eligibility criteria may receive Emgality free of charge from the Lilly Cares Foundation Patient Assistance Program. Some of the eligibility requirements are:

1 Must be a permanent, legal resident of the US or Puerto Rico

2 Must have been prescribed Emgality and be uninsured

3 Must not be enrolled in Medicaid, Medicare's Extra Help program or Veterans benefits

4 Must have a household income under the Annual Income Limit

About CHAMP

CHAMP provides support to people with headache, migraine and cluster diseases who are often stigmatized and under-served. CHAMP brings together organizations and leaders in this disease area to enhance communication, coordination and collaboration. CHAMP also organizes patient advocates to fight stigma and achieve fair access to treatments. If you would like to be a patient advocate for people living with headache diseases, sign up at the CHAMP website: HeadacheMigraine.org.

Where do I turn if I am not eligible for a financial assistance program?

PAF Patient Advocate Foundation

The Patient Advocate Foundation (a CHAMP member organization) can be a helpful resource for patients and caregivers who are experiencing access challenges. PAF provides a suite of expert tips to help navigate insurance denials, appeals and common barriers at: patientadvocate.org/migrainematters.

PAF also offers one-on-one case management assistance through its dedicated Migraine Careline for people living with migraine who experience access challenges. The Migraine Careline provides assistance with navigating eligibility and enrollment in disability benefits and overcoming insurance coverage and financial burdens that impact patient access to care.

All services are completely free and provided through phone and/or email communication. Visit migraine.pafcareline.org or call 866-688-3625 to speak with a case manager today.
